

Giving you peace of mind, one chart at a time.

Efficient. Consistent. Accurate.

As a national leader in coding solutions, Corridor has the expertise to streamline your clinical and financial operations.

More than ever before, accurate review of patient care documentation is required for non-acute providers to receive – and keep – fair reimbursement for their services. Corridor makes coding as easy and pain-free as possible.

Our coding experts can help you with:

- Outsourced Coding – Full, Partial or “Burst Capacity”
- Clinical Documentation Review, including OASIS
- Pre-bill Auditing
